

DECLARATION OF COMPLIANCY

CERTIFICATE OF CONFORMANCE

with the EU-regulations (EU) Nr 1935/2004, (EU) Nr.10/2011 and (EU) Nr.2023/2006

Issued by: **Donaldson Europe b.v.b.a.**

Interleuvenlaan 1

B-3001 Leuven

Belgium

Issued on: 25th of February 2025

For the following product: **All the components of the filter element, Donaldson part number: R080065-000-440**

The filter element and it's components comply with the following regulations:

EU 1935/2004, Regulation on materials and articles intended to come into contact with food

EU 10/2011, Regulation on plastic materials and articles intended to come into contact with food

EU 2023/2006, Regulation on good manufacturing practice for materials and articles intended to come into contact with food

Confirmation: The conformity has been established by migration test of the individual components of the filter in accordance with requirements of EU 10/2011.

Overall migration tests (OM) and specific migration tests (SML) did not exceed the restricted limits.

Conditions of use:

The filter is intended for use as with contact material with dry powders and lipophilic food (e.g. milk powder, coffee, cacao, spices, cereal).

To the best of our knowledge, no substances that are subject to SML or OM values are used.

Special remarks: This declaration of compliance is valid as long as none of the individual components does change its composition and as long the regulation does not require modifications.

This confirmation is not valid anymore in case the filter element is used for any other application than specified
